

Animal Pairs

Spin to win this mini memory game!

Contents:

24 Animal cards

Spinnerific

These adorable animals are looking for their partners. Can you help them search for them?

This classic game of memory combined with Spinnerific fun is perfect for young children just learning to play games.

Before you begin:

Shuffle the cards and spread them out face down on the table in 4 rows of 6.

Playing the game:

The youngest player begins by spinning the Spinnerific to see how many cards can be turned over. The player turns over the indicated number of cards. If pairs of animals are among those turned over, the player gets to claim them.

Otherwise, the cards are placed facedown again.

It is the next player's turn to spin and search.

-Players need to try to remember the position of cards so when it is their turn they can find matches.

Winning the game:

When all the pairs have been claimed, the player with the most wins.
